

## Instructions to CIM Students following the Old Curriculum

Dear CIM Student:

As you may know, the University Board has recently approved the New Curriculum for all B.S. Programs in CIM. **Please note, this change will NOT affect your degree plan in any way. You will still be following the old curriculum and you are NOT required to follow the new curriculum.**

For any question and to have a copy of the old curriculum, please visit your department.

Best Regards,

CIM Dean Office
